# Vya

## VERMOUTH Aperitif

Vya Extra Dry Vermouth is a dry, French-style vermouth that tells a fragrant tale of a blooming spring meadow in crisp mountain air. Featuring more than 15 botanicals, Vya Extra Dry is infused with flowers and leaves, which lend cooling energy to the vermouth. This makes Vya Extra Dry herbaceous, crisp and refreshing. Take a sip and enliven the palate with herbs such as galangal, which infuses the vermouth with earth and citrus pine aromas and a cedar character. Quassia bark and sage add balance and complexity with their bitter qualities, while florals like lavender and rosebuds add delicate aromas and nuance to the enticing mix of botanicals. Vya Extra Dry Vermouth pairs especially well with the juniper notes in gin for a fresh and exciting martini or enjoy it as an aperitif on the rocks with a twist of lemon.
